

# 1. SPONSOR AND SEARCH ENGINES

Under term «sponsor» is firm/company that has legal rights to legally produce and sell xxx content. You should register for free with some sponsor in order to promote their paysites and earn money.

I advice you to get help with sponsors selecting at one of these web sites: [www.adultbizforum.com](http://www.adultbizforum.com) or [www.adultfirms.com](http://www.adultfirms.com)

In short, during registration at sponsor web site you should enter following info:

**Company Name:** If you are NOT company just type in “ N/A”

**Main URL:** Name of your domain or url of your Kinghost account

**First Name:** Your name

**Last Name:** Your last name

**E-Mail:** Your email address

**Verify E-Mail:** Confirm your email once more

**ICQ:** If you have one type your ICQ number

**AIM:** If you have one type your AIM nickname

**Username:** Your username, choose some unique one

**Password:** Your password, use both letters and numbers for higher security

**Verify Password:** Confirm your password

**Address Line 1:** Street/address where you live (this is important if you're paid by checks).

**Address Line 2:** If you live on more then one location enter one more

**City:** City where you live

**State/Province:** Province or State where you live

**Zip Code:** Zip code of the closest post office

**Country:** Country you live in

**Tax ID/SSN:** If you're not USA citizen fill with your birth date

**Pick Payment Type:** Choose how you want to be paid (check by mail, wire to your bank account or ePassporte)

Sponsors are sending payouts every two weeks on average, payouts are in USD (United States Dollars) and payouts are usually sent when you collect \$50 or \$100 earned in your sponsor account

If you have chosen check as payout option you'll take it to your bank and cash it in. All information you'll get from your bank.

Your goal is to start generating one sale a day after 2-3 months of hard work, and after that even more. You have to work very hard and to believe in this..

So surfer comes to web page you have made for him, he's horny and he takes out his credit card. He pays entrance to paysite (paid members only section of sponsors web sites) with it and you want to send him from your page to paysite. When you register with sponsor web site you'll get access to free content you can use for paysite promotion and all login info will be sent to you after signup process with sponsor web site is finished.

There are two options for earning money from surfers:

PPS (Pay Per Signup) gives you \$30-\$35 per surfer join. You get money for initial signup and never again (from that specific surfer).

RevShare gives you 50% of all initial signups and later rebilling signups specific surfer will, so you will get money for every month surfer stays member of paysite. I recommend this option.

Picture above is screenshot of one sponsor web site (WildCash), you'll notice welcome on the top right side with your name in it (of course only you will see this because system is automatically responding to you). Pay attention to **link codes**, when you click that link new page will open. On that page you'll see list of all paysites that WildCash offers to its affiliate webmasters (to you and other webmasters) with link codes for each paysite listed next to paysite name. Each of these link codes has your unique ID in it, and by having it you can be 100% sure that sales made from your web sites will be counted as yours and yours only and you'll get part of money earned.

To explain what paysite is – Paysite is web site that requires surfer to pay for entrance to members area. Members areas of paysites are loaded with lots of legal and in many cases unique content (both pictures and videos, sometimes stories, wallpapers, blogs, chats, forums etc) so by paying surfer gets much more content and of higher quality that he could get for free. Free content is just for promotional purposes and it's wide spread all across the Internet, but high quality content can only be found in paysites members areas, that's why many surfers are willing to pay for membership on monthly basis.

Back to sponsor, you should choose one of links displayed (depending of paysite you want to promote) and to copy it. You can do this by selecting link, right click and then Copy.

Now we're heading to Google in order to submit your paysite link to it. I will show how to do this in three examples:

Click on this url: [Submit Your paysite to Google](#)

Page will open with small submit form. Fill next fields:

**URL:** Link to paysite you want to submit (link you have copied from sponsor site, now paste it – Right click and then Paste)

**Comments:** Few words that describe paysite

Below comments field there's picture with letters in it. Type those letters in small box under the picture and when you're done click Add Url button. That's it, your paysite is submitted to Google and is now in Google's database. You should expect that paysite link will show in Google search engine results pages after few weeks.

By following these steps go and submit links of all paysites your sponsor offers you to promote. Also submit those links to Yahoo.com and MSN.com On picture below you can see that i'm getting clean visits from search engines (directly to paysite urls i have submitted long time ago) and that i'm making sales from those urls with ratios 1 sale in 6 visits.

Many friends have asked me many times before how do i make sales with sponsors i have never promoted on my web sites and here's the answer. I am writing about this sort of promotion for the first time now. Remeber one thing – link for one paysite should be submitted only once and never again! If you re-submit links it can only do harm to you. This way you can make easy money and make money for very long time.

On next example you'll see link to paysite **goeyholes** and that i managed to have good place for that word (with competition of 250 millions pages). There are many factors why page is ranking higher or lower but that's not subject of this tutorial and you shouldn't worry about it now. Important for you is that you can earn money by doing this and that links are submitted only once and never again.

You can see that i have marked link on first picture is the first link in MSN search engine (on second picture). This is result of long time that has passed since link was submitted til today. Also it's result of program that is generating that page, it's SEO, traffic on that page but it shouldn't worry you at all because that's what we'll cover in one of next e-books i'm writing. This is proof that with some knowledge you can achieve good results.

[Submit your paysite to as more Search Engines as possible](#) and enjoy in legal promotion of paysites and easy money on the Internet. Let each and every day work for you

The screenshot shows a Mozilla Firefox browser window with the MSN Live Search interface. The search query is "cum in her ass". The results page displays several links, including "Gooney Holes - Messy Anal Cum Dripping Action", "UselessJunk.com - Ass to mouth makes her gag", "Julie Silver Getting Cum in Her Ass", "Cum On Her Face", and "Breaking In Her Ass". The browser's address bar shows the URL: <http://search.msn.com/results.aspx?q=cum+in+her+ass&first=11&FORM=PERE>. The browser's taskbar shows several open tabs, including "European Adult Webmasters - ADULT ...", "NATS", "Live Search: cum in her ass", "site:gapeherass.com - Google Search", and "Prijavite vas sajt na pretrazivace - AD...".

You'll notice that sale for word "fuck the babby sitter" came from that paysite and from MSN search engine.

I suggest that before you start with this way of promotion everybody should check out **Terms and Conditions** of your sponsor, **Rules**, **Affiliate Agreement**, etc or to contact some of affiliate managers of your sponsor to make sure that sponsor allows this. There shouldn't be problems but it's always better to ask first.
